Bart,

Are you asking about formal notification to Secretary of Environment that would trigger NERDA? I know in late May, 2013 Suzanne Dunn (FWS) requested the site tour you mention below via Brenda Cook.

Subject: Question about notification to federal and state trustees about Wilcox

Do you know when did EPA or ODEQ notified the federal and state natural resource trustees for the Wilcox site?

The Department of Interior (DOI) notified us of DOI Bureau offices to participate in the planning, and they make reference to photographs taken by FWS last summer. (see attached letter).

But when or how were trustees notified? Any idea?

Thanks.
